DS-35

THE SOLUTION THAT COMBINES EASE OF USE AND EFFICIENCY

How much time do you spend manually folding and inserting your mail? Neopost's DS-35 folder inserter eliminates this time-consuming job and frees you up to perform other important work.

The DS-35 can be installed on any desk so it's always handy. Its intuitive touch-screen control panel makes every job set-up a breeze.

Its ease-of-use, compact design and quiet operation make it an invaluable solution to help manage your outgoing mail.

A PERFECT COMBINATION OF CONVENIENCE AND EASE-OF-USE

The DS-35 is fully controlled with just two buttons from its touch-screen user interface. Anyone can use it - there's no need for a skilled operator. Just load your documents and envelopes and let the software guide you through adjusting the settings. Its 15-job memory with instant recall will store the settings for all your regular mail runs.

THE IDEAL ASSISTANT IN ANY OFFICE ENVIRONMENT

Combining ease-of-use and flexibility to save time and improve efficiency, the DS-35 is compact and silent enough to suit any office environment. Thanks to its fold-away catch tray, it takes even less space when you're not using it.

EASY TO USE – NO OPERATOR TRAINING REQUIRED

VERSATILE – HANDLES VARIOUS ENVELOPE AND FOLD TYPES

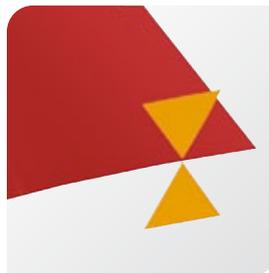

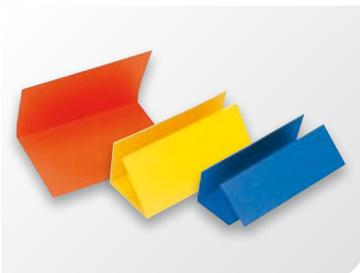

FULLY ACCESSIBLE PAPER PATH – EASY TO MAINTAIN

COMPACT – FITS ON ANY DESK

FULLY AUTOMATED FOR AN OPTIMAL MAIL FLOW

Connect the DS-35 to a Neopost Mailing System to fully automate your outgoing mail flow.

A VERSATILE WORKSTATION TO MEET ALL YOUR NEEDS

The DS-35 can handle a wide range of documents, envelopes, inserts and business reply envelopes. You can choose from four fold types to meet your requirements. The automatic cascade feed function eliminates downtime and helps optimize productivity. The manual feed function allows you to feed up to five sheets at one time, even if the sheets are stapled.

MAIL INTEGRITY AND ACCURACY GUARANTEED

Neopost's double document control prevents double feeding and the system's insensitivity to coloured paper and dust ensures complete reliability. The DS-35 guarantees you will always send the right document to the right recipient.

EXCELLENT ACCESSIBILITY KEEPS YOU UP AND RUNNING

One button opens the machine, giving quick and easy access to all parts of the folding area and paper path. This helps minimize downtime in the unlikely event of a jam.

ENVIRONMENTAL COMMITMENT

Neopost created eco signature to inform our customers of the environmental progress we are making and identify our most efficient and environmentally friendly solutions.

With the DS-35, we have greatly reduced our environmental impact.

The DS-35 complies with the latest environmental regulations for energy-related products with its stand-by and auto-off features.

ENERGY : One full year operating the DS-35 consumes seven times less energy than our previous model, the SI-30, thanks to its stand-by and auto-off features.

PACKAGING : The carbon footprint created during transport has been reduced thanks to less packaging compared to the SI-30.
